## Education

**42** - Fremont, CA — Apr. 2017
The "Piscine"
A 4 week programming bootcamp with a focus on C language and Unix. 42 is a rigorous, tuition free coding university located in the heart of Silicon Valley.

**University of Illinois at Chicago** — Aug. 2009 – May 2012
B.A. Major in Polish Literature and Language

**Jagiellonian University** - Krakow, Poland — Jun. 2010 - Aug. 2010
Two Summer Semesters Overseas — Jul. 2011 - Aug. 2011

## Experience

**WebToMed** — Jul. 2016 - present
Front End Web Developer

**Freelance Front End Web Developer** — Aug. 2016 - Jul. 2017
- Developed and designed custom websites for clients using HTML5, CSS3, Javascript and PHP, typically using a Wordpress back-end. Followed best practices and implemented precautions to keep websites maximally secured.
- Implemented Search Engine Optimization into all created websites.
- Communicated with clients personally to ensure that their needs are met and offer guidance with design and services.

**CatechismClass.com** — Jan. 2017 - Jun. 2017
Web Developer Intern
- Provided assistance in resolving customer issue tickets, and troubleshooting errors.
- Used my knowledge of HTML and CSS in maintaining and updating codebase on the large production website.
- Decreased new content update time by introducing a new open source tool and streamlining the update process.

**Zealth Digital Marketing**, Roselle, Illinois — Dec 2016 - Feb. 2017
Front-End Web Developer Intern
- Coded responsively designed websites using CSS media queries and flexible layouts.
- Created original designs and translated existing PSD designs to pixel perfect, responsive websites.
- Used Adobe Creative Suite (Photoshop & Illustrator) for accurate implementation of visual designs.
- Coded websites that adhere to Web Accessibility standards and are compatible across major browser versions.

**ZeroChaos,** remote, short term project — Jan. 2016 - Aug. 2016
Google Search Ads Quality Rater
- Contributed to the improvement of accuracy and relevancy of the ads placed with search results and on websites for Google search in English and Polish languages.
